Subject: Re: Texas GulfLink - Title V & Synthenic Minor Air Permits (Attached)
Attachments: _Initial Minor Application for DWP (final) - 08-18-2022.pdf; _Title V Application for DWP (final) - 08-18-2022.pdf; TGL Offshore Emission Calcs (final) - 08-18-2022.xlsx

Good Morning Mr. Toups,

Thank you for taking my call yesterday.

As you recall, we withdrew our air permit applications and re-submitted these as a Title V and Synthetic Minor on April 11th, 2022.

Please see the **attached** applications and calculations.

Regarding **Confidential Business Information**, would you be willing/able to provide an upload link so that TGL could submit these sensitive documents? It would be our intent to upload these next week on Tuesday August 30th, 2022, as we are still packaging these appropriately.

If you have any questions, instructions, or requests - don't hesitate to reach out to me directly.

Thank you very much.

Kind Regards,

Tyler Abadie, P.E.
